

CLARITY Amplify Your Life®

CLARITY Amplify Your Life®

Ever wish your phone had a **"Fix"** button?
New phones from Clarity® do,
thanks to a patented and innovative new technology
from Clarity called **ClarityLogic™**.

Having trouble with your phone? Can't seem to get the volume to your liking
Or maybe the tone is a little off?

No problem, just **push the special button** on your new **"ClarityLogic"** enabled phone from Clarity, and
you'll be instantly connected to our help center.

One of our representatives will be able to see inside your phone & make adjustments for you.

What is **ClarityLogic** ?

ClarityLogic is a new, first-of-its-kind service from Clarity
that personalizes the phone uniquely for the customer.

How does it work?

When a user presses the **ClarityLogic button**, they are quickly connected to a customer service
representative while a data message from the phone is simultaneously uploaded to a computer.
Almost immediately, the Clarity representative knows the user's product and can make
adjustments, such as: programming a new number into the phonebook, tweaking the
amplification and tone, and customizing the speed dial.

You can also dial 1-877-998-7767 for Service in English or French .
HOURS: 8:30AM – 12 NOON, 1PM TO 5PM EST

Using ClarityLogic is as easy as 1-2-3!

Step 1:
Press the ClarityLogic button
on your Clarity phone.

Step 2:
Your phone instantly connects
you with a Clarity representative
who can see inside your phone.

Step 3:
The Clarity representative makes
adjustments to your phone to
your liking.
