## The SBS550BC AKA "The Skull",

has been designed for guys and girls "that think outside the box".

With **Bright Red flashing eye sockets**,  
a "strip of orange flashing alert lights",  
& our deadly **bone crusher bed shaker**.  
**You might want to sleep with one eye open.**

Did we mention the **SKULL SNOOZER**, go ahead snooze it, we dare you.

If the Bone Crusher doesn't do the trick, how about  
**decibels of screaming terrifying sound that will make you cry like a little baby.**

When you're not on the floor crying, turn up the music with the included MP3  
player input, this should help calm you down.

**Enjoy your own music right through your alarm clock using your personal MP3  
player, no more am/fm goo. (MP3 player not included)**
